

People + Pedagogy + Place = Possibilities
Herman Miller Education Solutions

We invite you to consider your choices for tables in the context of some key questions: How can a space relate to the people who use it? What can a space do to keep students engaged and faculty inspired? Where will learning go now that it takes place anywhere on campus? At Herman Miller, we use a research-based, problem-solving approach to answer these questions. And to test our view that the sum of people + pedagogy + place = possibilities for enriching teaching and learning. The array of tables we present here offers you new possibilities for your learning spaces.
